

## Canvas with Lighted Branches

### Supplies

- Canvas
- 2 packs of tall Lighted Branches
- Bundle of Sticks
- Bag of Moss
- Green Canvas Paint
- Canvas Molding Paste 16oz
- Paste Spatula
- Paint Brush
- E6000 Glue
- Staple Gun

### Directions

1. Start by mixing molding paste with green paint.
2. Then apply to canvas to give it texture.
3. Let paste dry overnight, then apply green paint to give the project some depth.
4. After paint has dried, glue lighted branches and sticks with E6000 glue.  
Make sure cords are at the bottom of the painting.
5. Add the moss to cover the cords and create texture at the bottom.
6. After glue is dry, display and hang up.
